

2/10 Racecourse Road Brighton TAS

2 1 1

What's not to love about this quality two bedroom unit, set in a private complex, built in 2005.

Positioned back from the street and on a level well maintained block of 305sqm, the unit features a large living area with air conditioning open plan to a modern kitchen with freestanding stove.

Both bedrooms are of good size with built in storage and great separation between the two. The bathroom is neat and tidy with shower, bath and separate toilet.

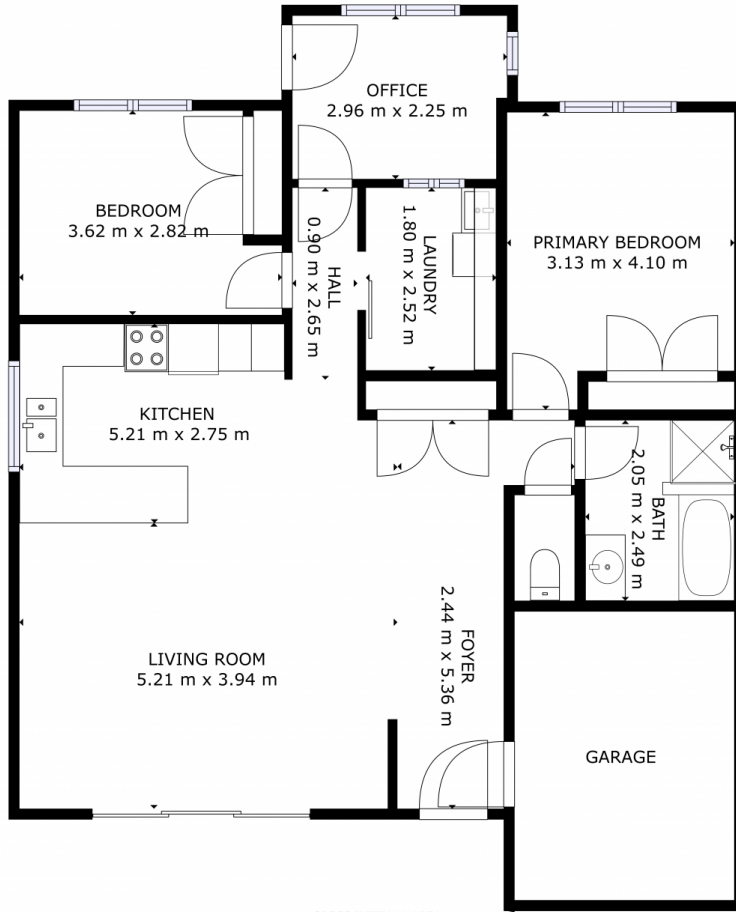

The laundry is of good size with room to add additional storage if necessary although a linen cupboard can be located nearby.
